\$13⁹⁵!

Shipping weight:
84 lbs. per
standard carton
of 12 sets.

- ★ Famous 400-amp. completely insulated SAFETY CLAMPS with solid copper jaws (world's most copied clamps)!
- ★ "Safety Stop Lite" alternator protection—warns if cables are about to be connected in reverse!
- ★ 12-foot long cables!
- ★ Big .400 inch OD rubber jacket with kraft separator—resists oil, alkali, acid, grease!
- ★ Finest stranding copper wire laid for maximum flexibility—cable stays kink-free in coldest weather!
- ★ Packaged in individual kraft boxes—master packed 12 per 2-color shipper-display carton.

Built to the same high standards of quality and performance as Associated's famous AES2 Booster Cables!
